

aparto

student living to be a part of

Your dream student home awaits in Dublin

aparto is a place where you can feel inspired and embrace that community feeling, giving its residents a home-away-from-home experience. This year aparto won Best Environmental Management at Global Student Living Index Awards and in 2021 Best Customer Service, voted two years in a row as the Best Private Student Halls Provider 2019* and 2018*, offering private student ensuite rooms in shared apartments. With four residences - **Binary Hub, Beckett House, Dorset Point, Montrose** and **The Loom**, aparto residences are situated in close proximity to all the major Dublin universities – such as **RCSI**.

It's not just comfy bedrooms on offer at aparto, you also get to use all of the incredible facilities on offer too. From modern on-site gyms, spacious study areas, rooftop terraces, cinema rooms, or simply chill with the house pets, aparto is much more than just a living space, it's a place to socialise, connect, relax and call home.

We have a great events and wellbeing programme planned for you and you can get involved in as much, or as little, as you like. What's not to love !

Residence teams

The onsite teams are committed to helping in every way so that residents can focus on their studies and university life. Our residence teams are like families, and if you are living with us – we want you to feel like part of the family too! Our friendly team wants to ensure that your transition into university life is as easy as possible this year and your search for where you are going to live making that little bit easier.

Residents rooms

Residents private living space

aparto offers a variety of different types of private living space for its residents. These range in size and type from ensuite rooms in shared apartments with 2 – 8 other people through to private studios.

Booking and moving in is quite simple from 41-week to full 51-week leases and to make things easy, all utility bills and wifi are included in residents rent.

Dorset Point & Beckett House

Residents shared spaces

Residents communal areas & study spaces

aparto's mission is to create a home that supports its residents during a key learning period in their lives. The broad range of carefully designed shared spaces at each building create the perfect setting for meeting and socialising with fellow residents and friends.

There are social spaces for everyone blending the public residents spaces with private ones in such a way that creates a sense of comfort and security.

During the day, the spaces are used for studying and collaborative working and in the evening the social side of aparto comes to life with social events, networking and the wide range of activities planned to enrich the residents living and university experience.

With every new aparto we build, we meet with resident focus groups to understand how we can enhance the social spaces for the next building and make the students feel inspired and a part of the aparto family.

A photograph of two young men playing pool in a lounge. One man in a maroon jacket is leaning over the table, smiling and holding a pool cue. The other man in a tan t-shirt is standing behind him, also smiling and holding a pool cue. The pool table has a green felt top and several balls are scattered on it. The background shows a modern lounge setting with framed art on the wall.

Relaxation & recreation

Chill out and games zones

aparto's residents looking to relax their body and mind have access to lounges, designed for relaxation and light games activities, like pool, table tennis and table football.

Each aparto building shares consistent themes but all are designed to suit local characteristics and deliver the needs of its residents.

Residents private gyms

aparto's buildings all have private gyms for residents exclusive use. These are kitted out with a wide range of popular equipment, have access to virtual Les Mills classes and host workout events like yoga, zumba and pilates. The modern gym environment is designed to complement the integrity of the original building.

Workout spaces are all individual in style but bound by a common philosophy, to provide fitness spaces that residents feel are their own and are comfortable working out in.

Residents shared outside space in which to unwind

Rooftop gardens and terraces are an active place for relaxation, socialising, and exercising. Spaces are designed for popular community sports from tennis to basketball courts.

Space to grow is part of the aparto experience programme where space is made available to residents to grow their own herbs and plants in a community garden.

Brand values

aparto

Brand story

aparto is a student's home-away-from-home whilst they are studying. It is a place where they will be supported, encouraged and welcomed. University life will be like nothing they've ever experienced before, and this will probably be the first time they've lived away from home. Here they will find lifelong friends and have experiences that will shape the rest of their lives. From the minute they arrive, aparto will be a resource, a base, a home, and a friend. Living at aparto enables people to discover their possibilities.

Core values

Service **Belonging** **Community**

Core values

Service

We aim to be exceptional in every way we can. That means being different, and inspiring. We offer exceptional service, we provide award-winning spaces, and we enable all of our residents to have the best experiences. Our buildings are places where residents and their parents can feel inspired, comfortable and be a part of a community.

Service

Core values

Belonging

We want all of our residents to have the time of their lives living with aparto. For many of them it will be the first time they leave home and have real freedom to explore, and for some it means starting a life in a whole new country. We always do everything we can to make their experience as positive, exciting, fun and rewarding as possible.

Core values

Community

The diversity of people and the spark between them are at the core of the community at aparto. We create experience programmes tailored for each aparto's unique location and residents, focusing on their transition into every-day university life – from well-being, growth and education to making new friends and fun.

community

Resident experience & wellbeing

How we deliver a unique experience

In line with aparto's brand values, we create a memorable experience for residents through an experienced and lively residence team combined with an extensive events programme to form a strong sense of community.

Our events programme is delivered by the marketing and community teams along with the Event and Content Assistants (ECAs) who are also residents. They are part of the community and uniquely positioned to understand which events will deliver the best experience for residents.

The aparto experience programme 5 Pillars

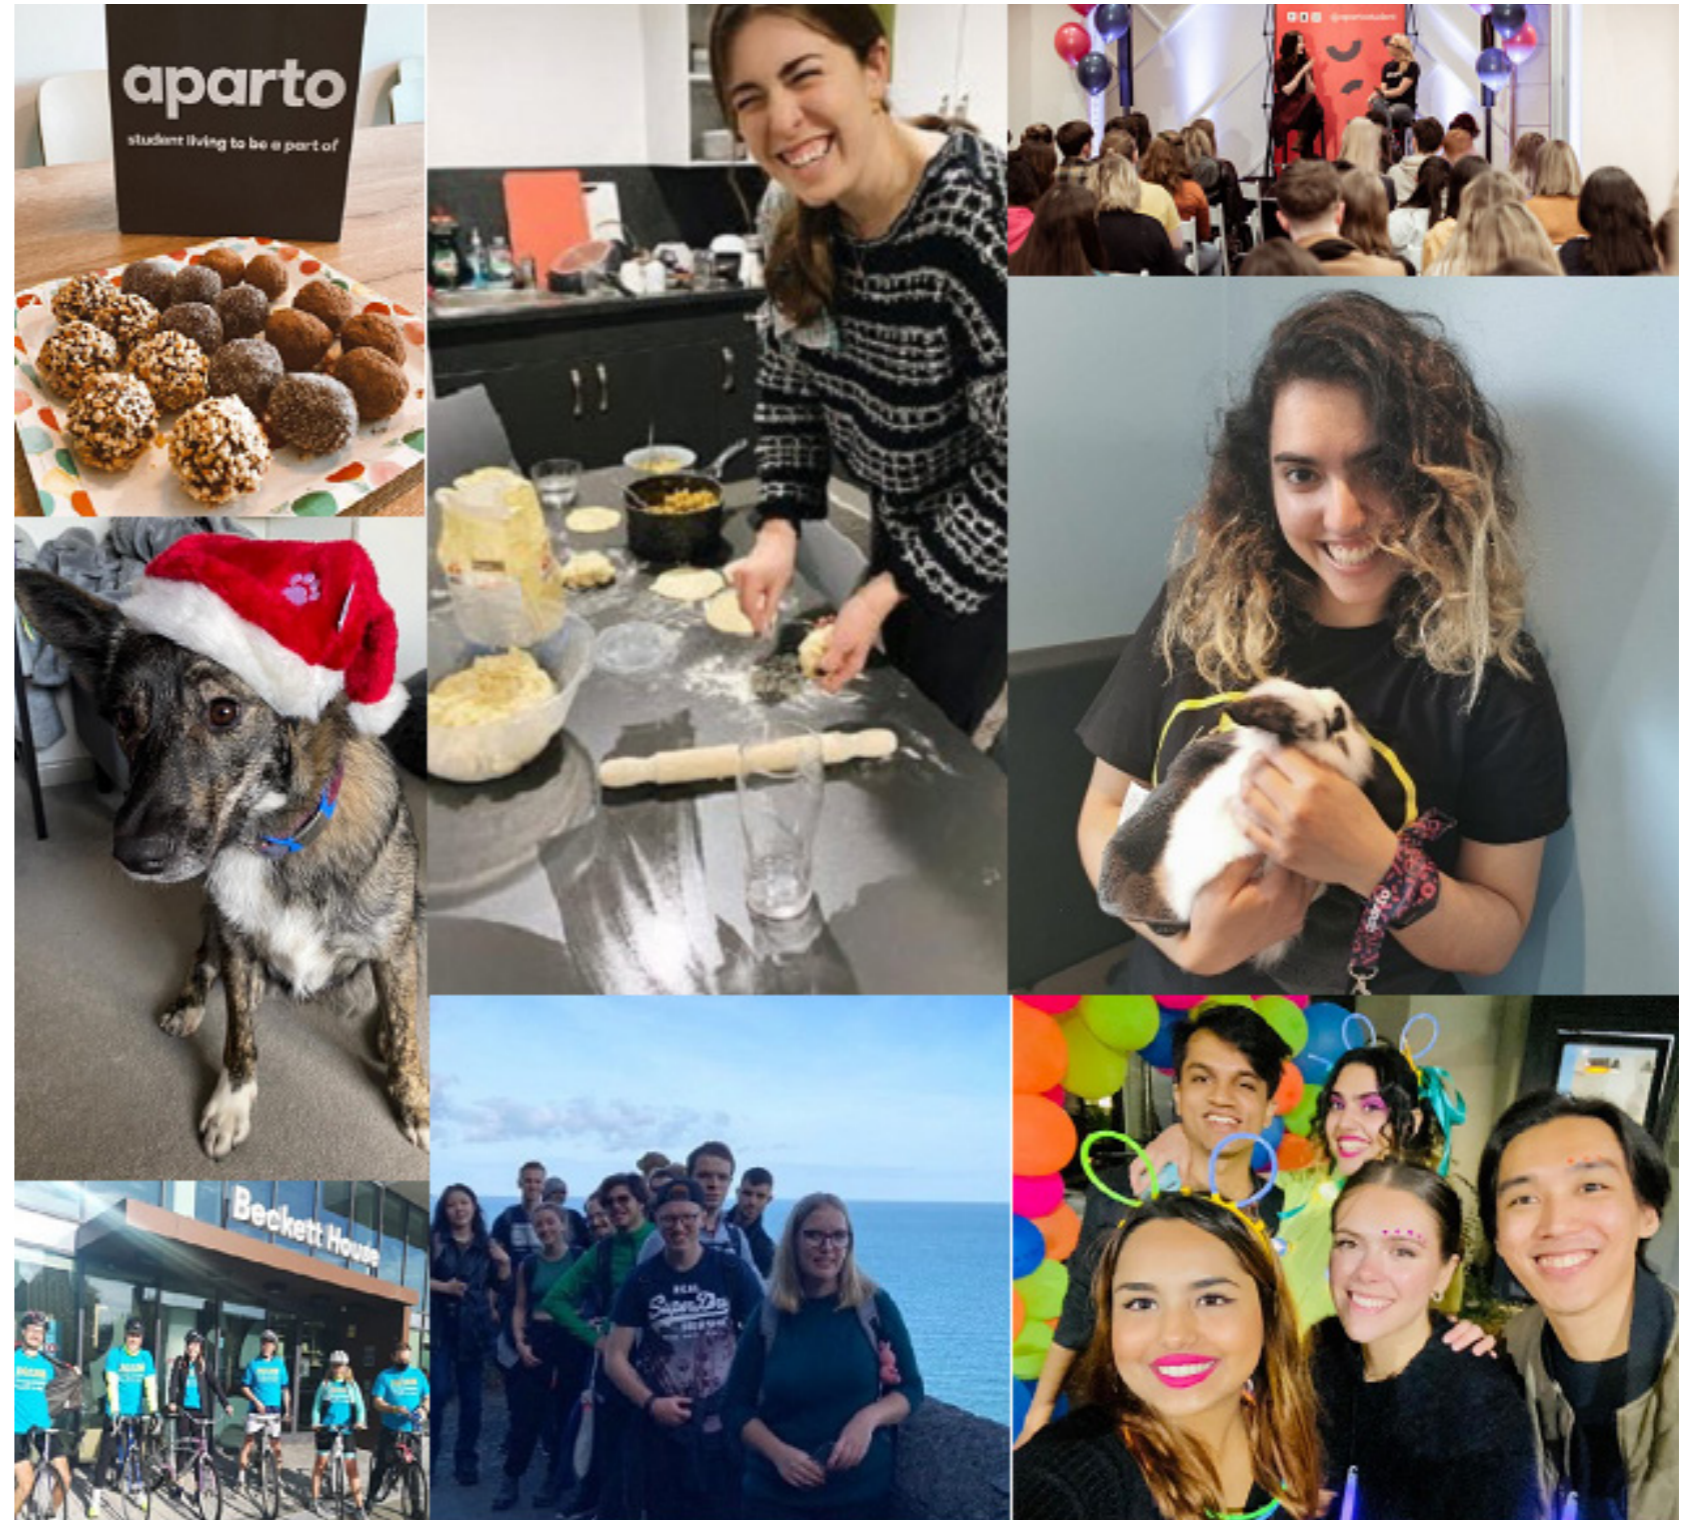

Close communities

Wellbeing Hub

Self-discovery

Cultural experiences

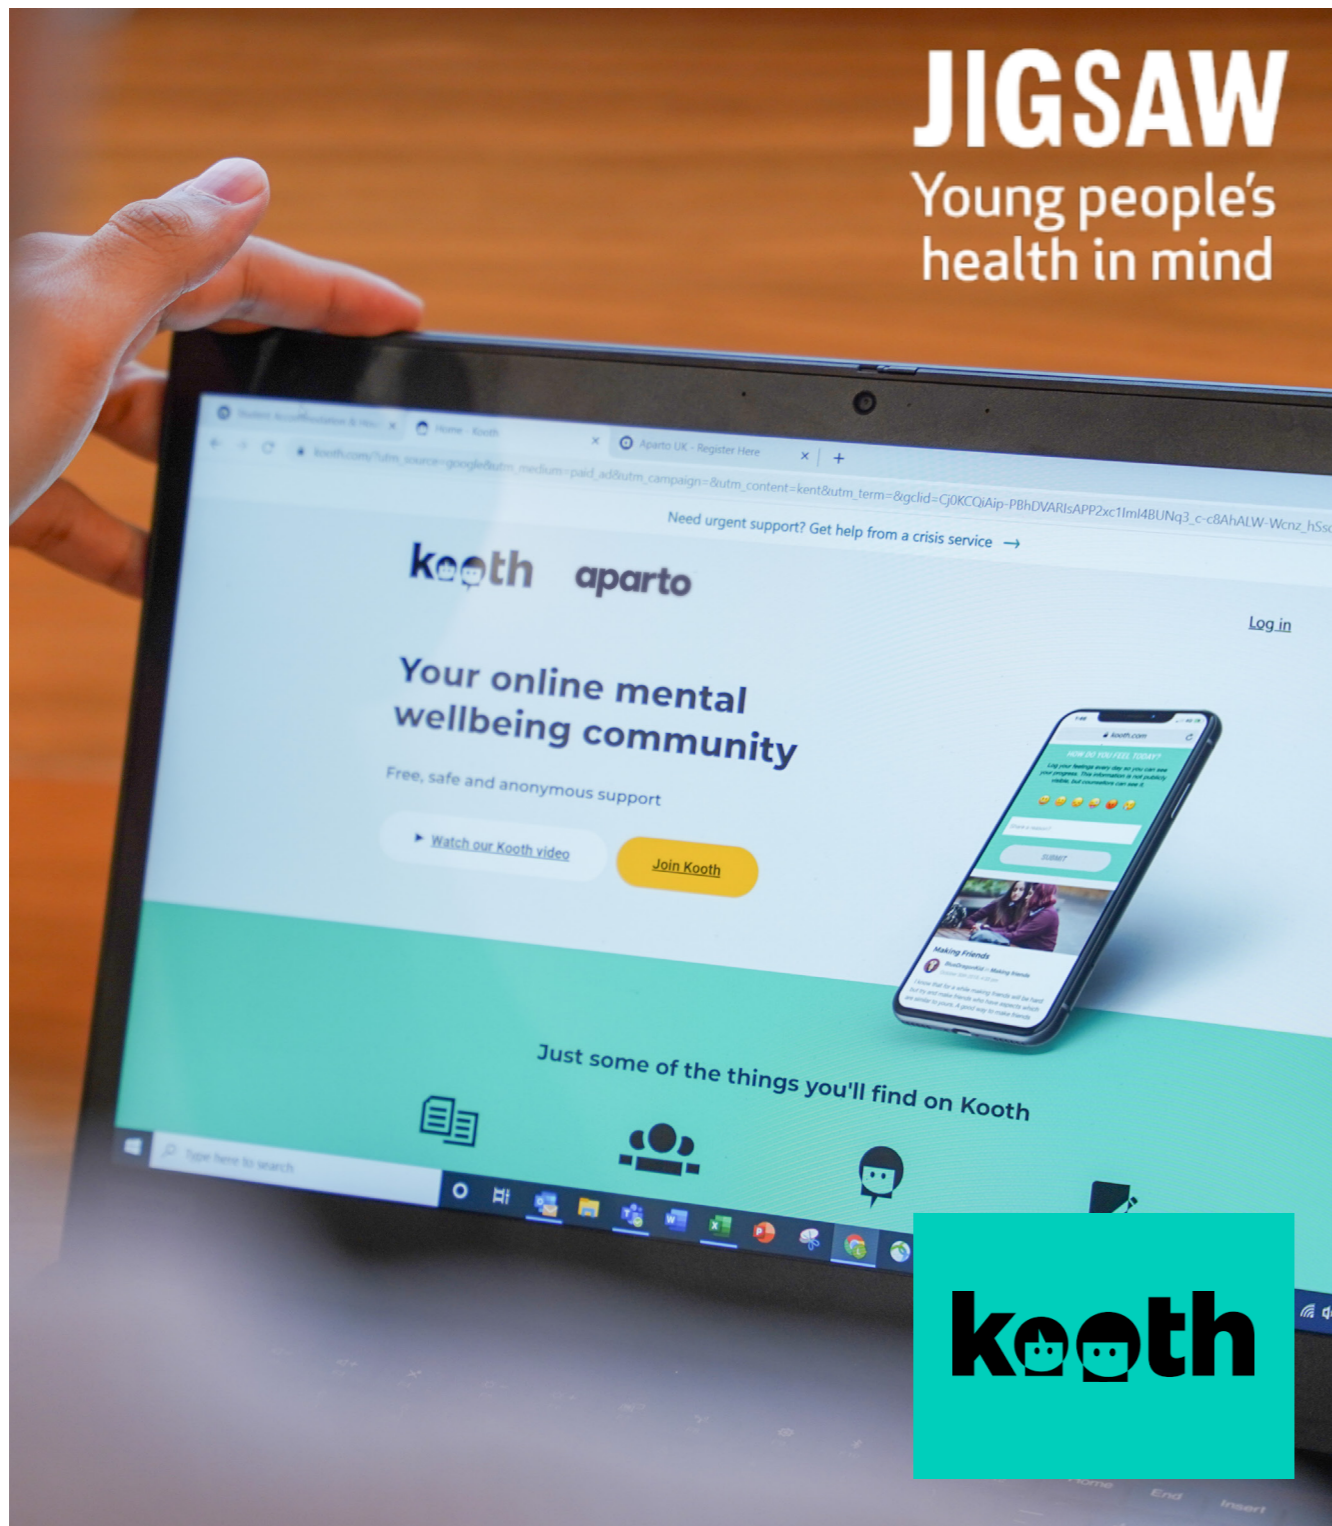

Skills boost

Hello Team, On behalf of apartment 14, I would like to give my sincere thanks for the amazing activities that are taking place in aparto for the 2021-2022 academic year. The events, ranging from yoga and mindfulness to cocktails and cook alongs, ensure that everyone gets involved!!! This is especially helpful and needed during social distancing. Thank you for making us A PART Of your family.

Mondana R, Medical Student

Residents safety & wellbeing

Safety:

To maintain our commitment to the health and safety of our staff and residents, we have the highest standards of fire safety measures. Our 24/7 team are fire warden trained, the building has a high spec L1 fire system. Residence staff complete a mandatory mental health first aid training with St Johns Ambulance, which ensures that all residence teams have the highest standards of training and knowledge to best support residents

Insurance:

All of our residents are covered with student contents insurance, which also covers their bicycles.

Mental Health:

aparto places great emphasis on pastoral care. With statistics showing a steady rise in students experiencing some kind of mental health issue during their time at university, and dropout rates rising every year since 2016, we know its important to ensure that students feel looked after and know who to turn to if they experience any issues. aparto ensures robust links with University support services and provide our students with information on pastoral services run by their institutions.

aparto also partners with Kooth and Jigsaw mental health charities, to take a proactive approach to mental wellbeing of residents and our team.

'It has been brilliant working with all the staff, and residents, of aparto as their Charity Partner. We have been so genuinely humbled by the warmth, kindness and commitment that everyone has shown us. From incredible fundraising efforts, to participating in our mental health awareness workshops and campaigns. It is clear to us that everyone in aparto shares our vision and passion for creating an Ireland where every young person's mental health is valued and supported'

Justin McDermott, JIGSAW Fundraising Manager

A final word about aparto from an aparto resident

Thank you so much for the lovely plant and card, and also for your kindness to all of us, especially in the whole moving process. We really want to thank you all personally; you guys have really gone above and beyond to help us.

Thank you for moving all our stuff, and even specifically to our new rooms. I was truly surprised and grateful for that. Please send a big thank you to the team as well because my room was probably the one that needed most effort to clear. 😊
Thank you so much.

You guys are truly a wonderful team of staff, and we are very blessed to know you all and stay here. I hope you guys and your families are well, and look forward to seeing you guys and the whole community again soon.

Take care and God bless you!

My kindest regards,

Gloria
